JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Return of quarantinable diseases.

	Cases.	Deaths.
Plague	7	7
Variola	18	6
Others	0	0

Return of diseases contemplated in paragraph 67.

	Cases.	Deaths.
Diphtheria	1	0
Enteric fever	4	2
Puerperal fever	1	0
Others	0	0

Emigrants recommended for rejection.

Number of emigrants per steamship *Manchuria* recommended May 30 for rejection: For San Francisco, 6.

Report from Shanghai—Inspection of vessels—Communicable diseases—Smallpox—Niuchwang quarantines against Amoy.

Acting Assistant Surgeon Ransom reports, June 8, as follows:

During the week ended June 3, 1905, 2 supplemental bills of health were issued to 2 vessels, with an aggregate personnel of 508. Two vessels, 31½ crew, 42 cabin, and 84 steerage passengers, were inspected, and the effects of 5 of the latter, consisting of 6 pieces of baggage, were disinfected. Ninety-eight pieces of baggage were inspected and passed. Manifests were vised for 4,269 pieces of freight and 40 pieces (human hair) per steamship *Manchuria* were disinfected with formalin. Vaccination certificates were issued to 6 persons bound to United States ports. One emigration examination was made and the individual recommended for rejection on account of trachoma.

The weekly report of the municipal health officer shows that there were reported among foreigners 1 new case of smallpox, 2 new cases each of enteric fever and diphtheria, and 1 new case of tuberculosis; among natives, 3 deaths from diphtheria and 20 deaths from tuberculosis. The total reported mortality was 2 foreigners and 106 natives.

No quarantinable diseases were reported from outports, but the authorities at Niuchwang have declared quarantine against Amoy.

COSTA RICA.

Report from Limon, fruit port.

Acting Assistant Surgeon Goodman reports as follows: Week ended July 8, 1905. Estimated population, 4,000; number of deaths, 5; prevailing disease, malarial fever; general sanitary condition of this port and the surrounding country during the week, good.

Bills of health were issued to the following-named vessels:

Date.	Vessel.	Number of crew.	Number of passengers from this port.	Number of passengers in transit.	Pieces of baggage disinfected.
July 2	Esparta	42	0	0	0
4	Adirondack	38	1	0	0
5	Hispania	21	0	0	0
6	Zent.	51	0	0	0
7	Mt. Vernon	20	0	0	0
8	Preston	35	3	2	0

Report from San José—Quarantine against Colon and Panama and other Isthmian ports on account of plague.

The following is received from Minister Merry, under date of June 29:

I have the honor to forward herewith (inclosure No. 1) copy and translation of a decree issued on 26th instant by the Government of Costa Rica prohibiting the entry of all vessels from the Isthmus of Panama, owing to the reported existence of the bubonic plague at that location, although only one fatal case has thus far been reported, supposed to have been carried to Panama in the Chilean steamship *Chile* from the infected ports of that Republic. Special attention is now being given by the local authorities here to sanitation. The ports of Limon and Puntarenas continue healthy. There has not occurred at Limon a case of yellow fever for nearly one year.

[Inclosure.]

OFFICIAL DAILY.

SAN JOSÉ, *Wednesday, June 28, 1905.*

[Department of Police. No. 57. San José, June 26, 1905.]

Attending to what this secretaryship has been informed, that there has occurred at Panama a case of bubonic plague, and to save the Republic from the invasion of so terrible a scourge there should be dictated without any delay the necessary measures, commencing by stopping all communication with the place infected and those by which their proximity or connection therewith will be now exposed to acquire the contagion, and that for said cause our maritime traffic with the city of Panama should cease and the measure extended to Colon and other ports of the Isthmus, as they are always in constant communication.

Accordingly the President of the Republic decrees:

The ports of the Republic shall be closed to all vessels proceeding from Panama, Colon, or any other location on the Isthmus, or which makes connection with said places.

Let it be published.

Subscribed by the President.

ASTUA AGUILAR,
Minister of Foreign Relations, etc.
